

# Paper Towel Marker Magic

This is such a simple activity, yet hours of awe and beauty!

## You will need

Paper towels

Water

Plate or shallow dish

Washable marker (such as Crayola or any water-soluble marker)

## What to do:

1. Fold a paper towel in half like a card.
2. On the front of the paper towel, make a very simple design.
3. Then inside, add more details and colours.
4. Drop the paper towel into the water and watch the designs appear and the colours spread!

You could try using a sharpie for the simple design on the front and washable markers inside that will add the colour to the design when immersed in water.
