

Rabbits weekly newsletter

Week commencing:

27.09.21

This week we have begun learning about our school's 5 R's and met the
Dinosaurs that go with them:

Responsible—Shareolophus, **Ready**—Explorosaurus,

Resilient—Stickosaurus & Tryatops,

Resourceful—Solveasaurus-rex and **Reflective**—Thinkodocus.

If your child uses the 5 R's at home, we would love to see this on Tapestry.

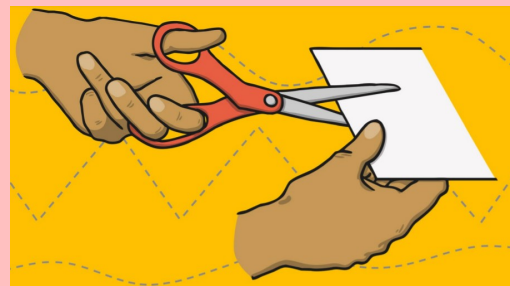

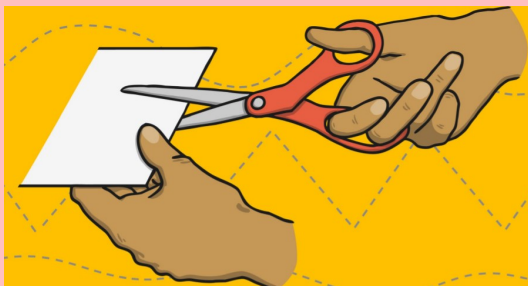

Next week:

Cambridge News have asked us to provide a class photo to include in their 'First Class' supplement, which will be published in their newspaper on 14th October. If you do not want your child to be included in this photo, please email the office by 9am Tuesday 7th October.

Home Challenges:

Scissor Skills

This week we have been working on our scissor skills. Please use the attached handout to help your child consolidate their current stage in using scissors and have a try at the next step. Please encourage correct scissor grip as below, with the thumb on top and the 'helping hand' holding and turning the paper.

Home challenges are helpful ideas for you in supporting your child to consolidate their learning at home. Please feel free to choose those you feel are achievable for you and share on Tapestry.
