

Swavesey Spartan's Football Club – Under 6 side

Swavesey Spartans is a local football club that provides a fun and safe environment for children of all ages to either develop an existing interest in football, or to experience football for the first time.

Under 6's

We have had a significant level of enquiries this year about establishing an u6 side. At this age group it is about having fun with friends and attending training to develop the base skills to play football, rather than competitive games. The group would be a mixture of boys and girls from any level of ability.

As with any community club Spartans relies on volunteers who are typically parents or extended family members to help run the team. At this stage, although we have initial interest from players, we don't currently have anyone to coach of this age group. We therefore are asking for volunteers to join us. We fully support and fund the necessary courses and certificates, and invite anyone who is interested to get involved.

U7 and u8 (Boys and Girls)

Although we already have established teams at these age groups we openly invite and welcome new players to grow the teams and join us to train and play.

If you are interested in becoming an u6 coach, or would like your child to join a team, please email our Club Secretary Simon Dawson to learn more at Swavesey.secretary@gmail.com
