

### DT

We will learn about mechanisms to design and make a wheeled vehicle.

### Art

We will learn different techniques for mark making and investigate how changes of style affect visual appearance of a finished piece.

We will learn to create a visually pleasing image with collage skills.

We will learn to complete an individual piece of art.

We will look at a variety of artists and their techniques.

### History

We will learn to understand some of the ways we find out about the past and identify ways in which it is represented.

We will learn about events beyond living memory that are significant internationally or globally.

We will learn to develop an awareness of the past using common words and phrases relating to the passing of time.

We will learn to learn about the lives of some significant individuals.

### Computing

We will learn to create, store and manipulate digital content in a variety of formats including animated stories and creating our own music.

### Geography

We will develop our geographical vocabulary to describe places with reference as to why some places would be better for locating castles. We will learn to use simple compass directions and locational and directional language to describe the location of features on a map.

### Maths

We will learn about the four number operations of addition, subtraction, multiplication and division and will embed problem-solving in to our work.

We will also learn about length, time, money, fractions, data handling, position and direction and shape.

## **Castles**

### **MEDIUM TERM PLANNING**

### **YEAR 1/2 SUMMER TERM 2023**

### English

We will explore a variety of different text types this term that will include: poetry, instructions, fantasy stories and recounts.

We will also develop our skills in phonics, spelling and grammar.

### Music

We will learn to listen with concentration and understanding to a range of high-quality live and recorded music.

We will perform to and with our peers including performing alternative options to singing (e.g. humming, signing and composing new lyrics).

### PE

We will learn athletics skills including running, jumping and throwing events. We will continue to develop our ball skills including throwing and catching. We will participate in Golden Mile throughout the term.

### Science

#### Animals including humans

We will learn to:

Notice that animals, including humans, have offspring which grow into adults

Identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense

Describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene

#### Seasonal Change

We will learn to:

Observe and describe weather associated with the seasons and how day length varies

Observe changes across the 4 seasons

### PSHE

We will learn about making healthy choices including healthy eating and physical activity.

We will learn about our bodies including how to stay clean and prevent the spread of disease.

### RE

We will learn about Sikhism including Deity, Place of Worship, Holy Book and the way of life.
