

Dear Parents and Carers,

Please find below a list of possible activities to complete with your child whilst they are not at school. Please do not feel you must complete all of these activities. There are lots, as we wanted to give you a wide selection to choose from to allow you to follow your child's interests. The Purple Mash activities suggested will be assigned to your children so should be immediately visible upon log in. Some of the suggested activities will have links on the Year 1 and 2 page of the school website so please also check this.

This is a time of uncertain circumstances and thus the most important thing is for your child to feel secure and happy. We will not be following a normal curriculum timetable at school and your child will not be missing out. Any activity you do with your child will benefit them.

Thank you for your support at this time.

Year 1 and 2 Team

English

- Continue to practise spellings (tricky words) – see website
- Handwriting practise (see website)
- Write a biography about someone who interests them
- Year 2 Comprehension (see website)
