# Reach the number

*Can you reach the number in the middle using the numbers around it?*

- You can use any of the four operations (+ - / x)

- You can only use each number once

- You don't need to use all of the numbers

**1)**

8    4

50    234    7

10              1

2    6

**2)**

7    3

20    712    50

10              9
