### Maths

Some children will find that what is set is plenty to do, others may find they complete tasks very quickly. If this is the case there are a couple of options. 1) Based on the activities set, create your own more challenging questions! Then solve! See what challenges you can set yourself! 2) Use other suggested resources (BBC bitesize etc) to 'top up' your activities.

- 1) 30430 set A (This is 30 arithmetic question to be completed in around 30 minutes. But we would rather it was completed, than just stop after 30minutes, if extra time is needed. **(see separate PDF for questions and answers. This is to be marked at home.)**)
